TAXABLE VALUATION OF BOURBON PROPERTY RAISED.

According to a communication received Wednesday by County Judge George Batterton, from Frankfort, the taxable value of Bourbon county property for State and county purposes, raised by the County Tax Commissioners \$2,000,000 is to be raised \$6,000,000 more by the State Board of Tax Commissioners.

The 1918 valuation was approximately \$87 an acre and the proposed increase will advance the valuation to practically \$115 an acre. Bourbon county has about 179,200 acres of farm lands and it has not been many years ago that the averaged assessed valuation was \$52 an acre. The increased valuation has been gradually advancing until the proposed rate of \$115 an acre, or more than double the amount, will be a reality.

The increased valuation as proposed by the State Tax Commissioners will apply \$5,100,000 on farm lands, and \$900,000 on town lots, making the entire county assessment practically \$32,000,000, more than double the total assessment of the county ten years ago.

A mass meeting of the farmers and business men of the city will be called by Judge Batterton, to be held in the court house in Paris tomorrow afternoon at two o'clock for the purpose of putting the situation up to them for action.

The State Board of Tax Commissioners notified Judge Batterton that they would be glad to hear citizens of the county in regard to the matter on Tuesday, April 8. A number of prominent and well-posted citizens will go to Frankfort on that date to take up the question with the members of the commission.

THE D. A. R. SILVER TEA.

The silver tea and relic display to be given at the Masonic Temple, in this city on Thursday afternoon, April 10, continues to be a topic of conversation in Paris. The affair will be given under the auspices of the D. A. R. No admission charge will be made, but a silver offering will be accepted. A salad course will be served.

The loan exhibit of historic relics to be shown at the Tiltoloy Tea which will be given Thursday, April 10, at the Masonic Temple by the Daughters of the American Revolution, is not to be limited to war relics. People who own interesting old quilts, coverlets, autographs, books, newspapers, silhouettes, prints, engravings, miniatures, glass ware, china, luster jewels, silver, brass, copper, costumes and uniforms, needlework, and jewelry, or other portable articles of interest, who are willing to loan same will please call Mrs. Charlton Alexander or Mrs. W. H. Whitley.

Cases will be used to display the small, fragile articles and one section will be devoted to modern war fare. The proceeds of the display are to be given to a fund for the restoration of Tiltoloy, a village in France.

HEALTH AND WELFARE LEAGUE CLEAN-UP DAYS.

At a meeting of the Bourbon county Health and Welfare League held at the court house yesterday afternoon, it was decided, among other things, to have clean-up days, with the co-operation of the people of the city, on Wednesday and Thursday, April 9 and 10.

The citizens are requested to have all the rubbish which they desire to get rid of deposited in receptacles at convenient places, where it will be taken up by wagons and disposed of. The campaign will embrace all the streets of the city, but only one trip will be made, so it is earnestly desired that the people will clean up their premises and deposit the rubbish where it will be convenient to get to. This is a very important matter, and should be given attention, so as to help the League in their efforts to make Paris a "better and cleaner Paris."

SHELLEY RETAINED AS LEXINGTON RACING SECRETARY.

Judge William H. Shelley has been retained at racing secretary for the Lexington spring race meeting, as usual, and will arrive from Havana about April 10. He is now engaged in writing the book for the meeting, and will have it ready for the printer shortly after his arrival.

Judge Shelley is a very capable and popular racing official, and it is said by local horsemen that it is altogether probable that he will be employed in like capacity at Louisville and Latonia, though Colonel Matt J. Winn has not as yet made announcement to that effect.

BOURBON FISCAL COURT.

The April term of the Bourbon Fiscal Court convened at the court house yesterday, with Judge Batterton presiding, and a full Board of Magistrates present.

The report of the County Road Engineer for the month of March was read, received and filed. It was ordered by the Court that ad valorem tax on all property subject to taxation within the county of Bourbon, as assessed for State purposes, be and the same is levied for the year 1913 for purposes as follows:

To pay court house bonds, and interest on said bonds, three and one-half cents on each \$100 worth of said property in the county assessed for State purposes; for turnpikes and bridges, twenty-five cents on each \$100; for general purposes, twenty-one and one-half cents on each \$100. It was further ordered that a poll tax of \$1.50 be levied on each male over twenty-one years of age. It was further ordered that an ad valorem tax on all property subject to taxation for State purposes, situated in Bourbon county, outside of the city of Paris, and the Little Rock Graded Common School district be levied for the year 1913, for school purposes, ten cents on each \$100 worth of property assessed for taxation for State purposes.

A large number of claims against the county were allowed and ordered paid. The sum of \$10,000 now in the hands of the County Treasurer were ordered transferred from the General Fund to the Turnpike Fund. The County Treasurer was ordered to borrow \$10,000 from the Hamilton Fund for the use of the Turnpike Fund. The County Road Engineer was ordered to pay salaries of all truck drivers from this date out of the county's money in his hands. An appropriation of \$8.00 per month to Howard Brown, colored, was ordered reduced to \$4.00. A proposition to employ a Home Demonstration Agent for the county was voted down by a vote of 4 to 3.

TO CONSOLIDATE SCHOOLS.

An educational rally was held in the Public School auditorium at Millersburg last night, at which addresses were delivered by Miss Jessie Yancey, formerly Superintendent of Schools of Mason county, Mr. Ora Hurst and Mr. J. Virgil Chapman.

The object of the rally was to discuss a proposition to incorporate the county schools of Millersburg, Tarr, McVaine, Purdy and Letton, into a county consolidated High School, to be located at Millersburg. The project met with considerable approval, and will probably be put into effect at an early date, or before the opening of the next school term.

SEAT SALE ON FOR SYMPHONY ORCHESTRA CONCERT.

The seat sale for the Cincinnati Symphony Orchestra concert to be given at the Lexington Opera House, Tuesday, April 8, matinee and night, started Friday morning and was remarkably large. The mail orders were especially heavy Friday and Saturday.

The orchestra, one of the few in the world to continue to keep concert engagements despite the necessity of giving men to the service in large numbers, is one of the most popular musical organizations in America and directed by Eugene Ysaye has attracted attention and greater interest.

FRANK MUNSON RELEASED BY CINCINNATI COURT.

The "unwritten law" was invoked by Hamilton county grand jurors Tuesday, in determining the case of Frank Munson, of Hutchison, this county, who was charged with having shot and killed Charles Foley, also known as Thomas Combs, when he found him with his wife, Hannah Munson, at 721 Melwood avenue, Winton Place, Sunday, March 9, for they made a report Tuesday, ignoring the murder charge against Munson.

Munson declared that Foley, whose home was at Mt. Sterling, Ky., had induced his wife to leave her home and their six children on another occasion, but she returned to him. A second time she left with Foley, and Munson traced them to Winton Place.

John E. Madden, well-known Kentucky horseman and breeder, took a great interest in Munson, and employed former Judge Arthur C. Frickie and former Congressman Stanley E. Brodie to defend him. As there was no indictment, Munson will go free.

Mrs. Munson also faced a statutory charge, but as this was ignored by the grand jurors, she will probably return to her Kentucky home.

Munson, who was released on bond, has returned to his former home near Hutchison.

MISS PORTER'S RECITAL TO BE HELD TONIGHT.

Miss Daisy Moore Porter, head of the Department of English in the Paris High School, will give an evening entertainment in the High School auditorium at eight o'clock to-night. This recital is to be given under the auspices of the High School pupils for the benefit of the High School library, which is in process of evolution.

Miss Porter is one of the most talented and best trained readers in Kentucky, and her readings in negro dialect are especially interesting. Some of her best selections will be dramatic, in which role she is at her best.

This is sure to prove one of the most popular and attractive entertainments ever given in the High School. It is the ambition of the students to increase their present small library to a total of 2,500 volumes this year, and they will appreciate every little bit of help they receive. Get your ticket early, and help the students by your presence and your cash, also.

KENTUCKY SOLDIER TO MARRY FRENCH COUNTESS.

The daily papers of yesterday carried the following announcement of the engagement of Capt. Roger Williams, Jr., of Lexington, well known here, to a French countess, Mlle. Florence de la Forest-Divenne. The story follows:

"DIVENNE-LES-BAINS, France, April 2.—General Duncan, A. E. F., of the Army of Occupation, has received from the Count and Countess Ludreic de la Forest-Divenne the announcement of the engagement of their youngest daughter, Mlle. Florence de la Forest-Divenne, to Captain Roger Williams, a D. C. M., in France.

"Mlle. de Forest-Divenne is the granddaughter of the late Colonel Joseph C. Audendier, U. S. A., and Captain Roger Williams is the son of General Williams, of Lexington, Ky., U. S. A.

"It is expected that the marriage will take place in France in April before Captain Williams returns to the United States with General Duncan's division.

Captain Roger Williams, who is the son of General (retired) and Mrs. Roger Williams, of Lexington, has been in France with the American Expeditionary Force for many months, and is a member of the regular army establishment. He served with the Kentucky troops, commanded by his father, on the Mexican border, prior to the entrance of America into the war. As a member of one of the leading families in the Bluegrass, he was prominent in society circles before he entered the service.

The General Duncan referred to in the above cable dispatch is General George Duncan, a former Lexington man, and a brother of Mr. Henry Duncan, of Lexington.

MARSE HENRI WATTERSON QUILTS THE COURIER-JOURNAL.

The Louisville Courier-Journal, Tuesday, announced Henry Watterson, the newspaper's editor since 1868, and editor emeritus since last August, had requested his retirement. Mr. Watterson recently passed his seventy-ninth birthday.

The newspaper said the editor's action was partly due to his variance with the Courier-Journal officials on the proposed League of Nations, he, the paper says, being against the proposal, while the officials favor the issue.

Through Mr. Watterson's writings on national questions, he has become one of the most widely known writers in the country.

IN THE SERVICE OF THEIR COUNTRY.

Mrs. Cassius M. Clay received a cablegram Wednesday from her son, John Harris Clay, who has been stationed in Egypt, stating that he had been demobilized, and that he would return to America as soon as he could get his final discharge papers.

Mike Blake, of Winchester, is a patient in a base hospital in France. No details of his illness have been received here, but it is thought his trouble is not of a serious nature. No word has been received in three months from Earl Blake, wounded while fighting with the American forces in Russia. Both are brothers of Mr. John Blake, of Paris, and are well-known here.

Leo Keller, of Paris, who has been stationed at The Great Lakes Naval Training Station, near Chicago, has received his honorable discharge from the service. Mr. Keller resumed his former position in the L. & N. freight office on April 1. His mother and sister are residing in Louisville. Mr. Keller received a warm welcome from his old friends and associates.

A postcard to THE NEWS from Private Alvin Thompson, written at Camp Merritt, New Jersey, states that he is feeling fine, and that it was certainly a wonderful feeling to be back in a regular country. Private Thompson, who is a son of Mr. and Mrs. A. Thompson, of Paris, was a member of the Barrow Base Hospital Unit No. 40, which landed recently in New York.

From private to Major is the rapid advance made in eighteen months of army service by Jesse Miller, a young attorney of Lexington. In a short time after he entered the ranks young Miller was made Sergeant, then was promoted to Captain, then to Lieutenant, and now to Major. He received his early military training at the Millersburg Military Institute under Col. C. M. Best. His excellent record attests the kind of training he received as a cadet at the M. M. I.

A message was received by relatives in this city this week announcing the safe arrival at Newport News of Martin Glenn, of Paris, who was reported some months ago as missing in action. Glenn, who was severely wounded, was sent to the Base Hospital at Hampton Roads, Va., where he will remain until fully recovered from his injuries. He is a brother of George, Joseph and John Glenn, all of Paris. Uncertainty as to his fate caused his family great anxiety for a long time, until the Government's official report located him in the hospital.

Kentucky welcomed back General Roger Williams last week, after a long absence abroad in the Red Cross War Service. His headquarters were in Paris, but General Williams was sent a number of times on important missions to the battlefield and did valiant and splendid service, making a valuable official of the Red Cross work, because of his long military experience. General Williams is a native of Paris, and spent his boyhood days here. He was born in the old Williams mansion on Pleasant street, recently sold, and is well-remembered here by his boyhood friends and associates.

After a long experience in army camps along the Texan-Mexican border line on the American side, Corp. Fred Erd, former manager of the Paris Grand Opera House and The Alamo, has received an honorable discharge from the service and has returned to Kentucky. Corp. Erd was in the cavalry branch of the service, and spent considerable time in learning the art of mounting and maneuvering a horse. He is an expert electrician, as well as decorator, and is at present engaged on a contract at the home of Mr. A. B. Hancock, in Paris. Mr. Erd will make his headquarters in Lexington, but will take contract work from all points.

"Killed in action" was the brief notation on a letter addressed to Capt. M. C. Overton, with the American Expeditionary Forces in France, by County Judge George Batterton, of Paris, and returned to the writer. When Judge Batterton's brother, Bishop Batterton, was reported killed in battle in France, his superior officer, Capt. Overton, wrote particulars to Judge Batterton. The latter replied on Oct. 26, 1918, thanking Capt. Overton for the information. Tuesday the letter was returned bearing the terse sentence on the back, "Killed in action." Judge Batterton will preserve the letter as an interesting souvenir.

Sergt. Samuel Roberson is at home on a short leave of absence for a visit to his parents, Mr. and Mrs. A. O. Roberson, near Paris. Sergt. Roberson enlisted in the service while he was residing with his father, near Millersburg. He went over with the first American troops, was in the first battle in which American troops were engaged, and participated in five of the heaviest engagements of the Allies with the Huns. He had the unique experience of being wounded twice, gassed once, reported dead, reported alive, reported missing, then finally reported alive, and after

FORMER BOURBON COUNTY MAN DIES SUDDENLY IN SPENCER.

Mr. Clark Barnett, of Houston avenue, this city, received a long distance telephone message Wednesday night from Taylorsville, Ky., in Spencer county, notifying him of the sudden death near there of his brother, Mr. Charles Barnett.

The message stated that Mr. Barnett had just finished shaving, after having partaken of a hearty supper, and started toward a chair, when he fell over, and expired before Mrs. Barnett could reach him. Medical aid was hurriedly summoned from Taylorsville, but nothing could be done, as Mr. Barnett was beyond earthly aid. The body will be brought to this city this afternoon at 1:30 and will be taken to the Paris Cemetery, where services will be conducted at the grave at 2:00 o'clock.

Mr. Barnett was about forty-two years of age, and was a son of the late Mr. and Mrs. Richard Barnett, who resided for many years on the Hume and Bedford pike, near Paris. He resided with his parents until after their death, when he engaged in farming for himself. He resided in this county until about three years ago, when he purchased a farm in Spencer county, where he engaged in farming. Mr. Barnett is survived by his widow, who was formerly Miss Carrie White, a daughter of the late Mr. and Mrs. George G. White, of Paris; one brother, Mr. Clark Barnett, of Paris, and one sister, Mrs. John Cohen, of Lexington.

TO PRESENT IMPORTANT MATTER TO CITY COUNCIL.

At the next meeting of the Paris City Council, Councilman J. J. Veatch will go before the body to present an important matter—that of obtaining State aid for rebuilding Main street.

This was under discussion some time ago. The Council was apprised that under the terms of a court decision, Paris was entitled to a percentage of the money set aside for State aid to roads. Main street, as a part of the Maysville pike, is entitled to the benefits of the fund from one limit to another. Councilman Veatch will be armed with the necessary papers, having facts and figures bearing on the matter.

all, managed to survive all the reports and return home.

Private Leslie B. Fitzpatrick is at home on a furlough from Camp Zachary Taylor. Private Fitzpatrick "went over the top" several times. Just after the signing of the armistice, while he was in Germany, he fell and broke his leg below the knee.

Private John Lyons has returned from Camp Taylor, where he received an honorable discharge. He is now a guest of his father, Mr. Wm. Lyons, near Paris. Private Lyons was the first one to volunteer in Paris, after the State Guard arrived to guard railroad bridges and other railroad property.

First Lieut. Ben Frank, formerly of this city, now located at March Field, in California, as a member of the U. S. Army Aviation Corps, has arrived in Paris for a visit to relatives. Lieut. Frank has re-enlisted in the service in the United States Infantry, and will remain permanently in the service of Uncle Sam.

Private Edward Spencer, who was reported as having been killed in action on the battlefield in France, has arrived at his home near North Middletown, and is a guest of his sister, Mrs. Chas. Hudson. He was badly wounded, having been shot through both ankles. He is now about recovered, but still a little lame.

Among the recent visitors in Paris was Seaman Park Wallace, who is stationed on the U. S. S. Louisiana, who was a guest of his aunt, Mrs. E. P. Clarke, on South High Street. On his return to rejoin his comrades at Philadelphia he was accompanied as far as Cincinnati by his cousins, Maurice and Elizabeth Clarke, of Paris, and Jesse Wortham, of Corbin.

W. Renick Smith, of Dallas, Tex., who has just returned from eight months' service overseas, is the guest of his grandmother, Mrs. W. H. Renick, on High street. Mr. Smith came here after being discharged in New York, to join his mother, Mrs. Curtis P. Smith. He was a member of the 133rd Field Artillery band, 36th (Texas and Oklahoma) division. While in France his band led a review before President Poincaré and just before sailing was inspected by General Pershing.

Mr. W. C. Thomas, of Seventh street, is in receipt of a letter from the American Red Cross Base Hospital at Camp Taylor, as follows: "Dear Sir: Your son, Private Alvin Thomas, recently returned from overseas service, arrived at this camp yesterday. We rejoice with you on his safe return, and you may be justly proud of the service he has given to his country. The boys will be mustered out as soon as conditions permit. His address for the present is care Ward Conv. 5, Base Hospital, Camp Zachary Taylor, Ky. "Most Cordially Yours, "L. B. HOPKINS, A. E. F."

"FAKE" ASPIRIN WAS TALCUM

Therefore Insist Upon Genuine "Bayer Tablets of Aspirin"

Millions of fraudulent Aspirin Tablets were sold by a Brooklyn manufacturer, which later proved to be composed mainly of Talcum Powder. "Bayer Tablets of Aspirin" the true, genuine, American made and American owned Tablets are marked with the safety "Bayer Cross."

Ask for and then insist upon "Bayer Tablets of Aspirin" and always buy them in the original Bayer package, which contains proper directions and dosage.

INTERESTING SIDELIGHTS IN THE CURRENT EVENTS.

PARIS, April 1.—President Wilson to-day explained that he was willing to accept his share of responsibility for the peace conference delays. He was careful to point out that the slowness of the negotiations was not due to any single country or its representatives.

He declared emphatically, however, that the time for talk was virtually finished and that now was the time to show results.

PARIS, April 1.—In laying her claims before the Council of Four to-day, France asked, first of all, that her boundaries, as fixed by the treaty of Paris, May 30, 1814, be restored to her, together with the Saar Basin. In the Rhine province on the left bank of the Rhine, it was stipulated the Germans should not be permitted to establish fortifications, occupy the territory with armed forces nor control the railways. On the Alsace-Lorraine line it was demanded that the Rhine should be the natural frontier of France.

PARIS, FRANCE, April 1.—Former Emperor William and former Crown Prince Frederick William will be among those who will be tried by the high court which the German National Assembly will create, Paris newspapers say. Former Minister Zimmermann also will be brought before the court.

A Berlin dispatch Thursday reported that the German Government would create a court of investigation for Germans accused of crime during the war, who had requested investigation of their cases. It was said that the court would try Gen. Ludendorff, Admiral Tirpitz, former Chancellor von Bethmann-Hollweg, former Foreign Minister von Jagow and others.

FRANKFORT, KY., April 1.—One hundred and twelve of the 120 counties in Kentucky increased their assessments this year. \$222,118,914. These 122 counties last year had an assessment of \$1,375,108,896. This year they returned \$1,597,222,810.

The remaining counties last year had an assessed valuation of \$88,862,154. They include Elliott, Hart, Jackson, Knox, Muhlenberg, Lawrence and Pike.

FRANKFORT, Ky., April 1.—Litigation in Kentucky is on the decline. At least appeals from Circuit Courts to the Court of Appeals are falling off. The docket for the spring term contains 152 civil cases and six criminal cases. Comparing the docket for the spring term this year with the docket of the spring term last year there is a falling off of 75 cases, and comparing it with the docket for the spring of 1917 there is a falling off of 143 cases.

DON'T DELAY

Some Paris People Have Learned That Neglect Is Dangerous.

The slightest symptom of kidney trouble is far too serious to be overlooked. It's the small, neglected troubles that so often lead to serious kidney ailments. That pain in the "small" of your back; that urinary irregularity; those headaches and dizzy spells; that weak, weary, worn-out feeling, may be nature's warning of kidney weakness. Why risk your life by neglecting these symptoms? Reach the cause of the trouble while there yet is time—begin treating your kidneys at once with a tried and proven kidney remedy. No need to experiment—Doan's Kidney Pills have been successfully used in thousands of cases of kidney trouble for over fifty years. Doan's Kidney Pills are used and recommended throughout the civilized world. Endorsed at home. Read Paris testimony.

Mrs. A. L. Burley, 329 Eighth street, says: "I have used Doan's Kidney Pills, getting them from the Artery Drug Co. and from the benefit I received, I certainly think they are a good, reliable remedy. Whenever my kidneys have acted irregularly or my back has been weak and lame, I have used a box or so of Doan's Kidney Pills. They have always relieved me of the complaint."

HEALTH BETTER (THAN IN YEARS)

Wouldn't Take \$1,000 For What
Meritone Has Done For
Him.

"I feel better than for five years since I've been taking Meritone and I want to let others know what this medicine has done for me," said W. R. Kirkpatrick, of 5102 Illinois avenue, West Nashville.

"For five years I was bothered with a soreness in my stomach and pains in my leg and I think I tried every medicine on the market, but nothing gave me relief. Why, I've got a bushel basket of empty bottles of medicines I've taken."

"Meritone is the first thing that really helped me. I've taken one bottle now and it has made me feel better than for five years and I wouldn't take \$1,000 for what Meritone did for me. In fact, this one bottle of Meritone has done me more good than all the other medicines put together."

"I'm going to tell all my friends about Meritone."

The fame of Meritone has spread with such astounding rapidity and such marvelous sales have been made that old and experienced drug men are amazed, but it's all due to Meritone's real merit.

Meritone is excellent for stomach, liver or kidney trouble, catarrh, rheumatism, nervousness or for building up a strong system.

Meritone is sold exclusively in Paris at G. S. Varden & Son's.

Here's the big work, little cost tractor—the Titan

THE Titan 10-20 has been on the market for years, and has made good without reservation. 10 horsepower at the draw bar—20 horsepower at the belt.

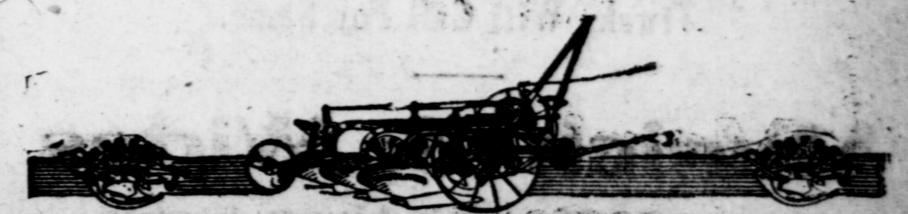

A well-balanced tractor that is suited to all farm power work. It drives easily, affords maximum pulling power for its weight, and is suited in every way to the general run of farm work. Not too large for the small farm, yet large enough to handle a great volume of work.

Use it with an Oliver Plow—

We recommend that you use an Oliver plow with your Titan tractor because it means the best plowing under all conditions. The combined rolling coupler and jointer buries all trash and weeds at the bottom of the furrow; the stop device maintains an even depth of furrow; the plow points enter and leave the ground first, making it possible to plow clear to the ends of the field; and the trip rope control operates easily from the driver's seat on the tractor.

We have a full line of Oliver plows as well as the Titan tractor here at our salesroom.

FRENCH WAR MOTHER WRITES
HER BENEFACTRESS.

The following grateful letter was recently received by Mrs. L. D. Harris, of this city, from Madame Hery, mother of the little French "war orphan" whom Mrs. Harris "adopted" some time ago:

"Eperany, Marne, France.

"Dear Madame:

"Please excuse me for being so slow in answering your letter and thanking you for your kindness to my little boy, Gaston.

"I have had a bad case of la grippe, and I preferred to write myself and thank you for your kindness. Do not think, Madame, that I will ever forget you for what you have done to assist a poor, lone widow.

"It makes me sad when I think of how little I can do. I do hope that some day you may see Gaston. The first years of his life he was very delicate, but is improving. I had to go to the city to work, therefore he was deprived of my care. I trust that the springtime will greatly benefit him.

"Please have the assurance of my profound respect for your goodness.

CURIOUS STUNTS IN NATURE'S
WORKINGS.

Mr. W. B. Crouch, of near North Middletown, Bourbon county, has a big Percheron mare that has dropped eight colts in four births. A few days ago she gave birth to triplets, none of which lived. Twice before that she gave births to twins and on another occasion was the mother of one nice colt. Horsemen state that her feat in giving birth to triplets has never been heard of before.

W. W. Roberts reported to The Carlisle Mercury that he gathered nine eggs the other day in four shells. It was this way. There were three double eggs and one triple egg. Recently a lady from the country sent to The Mercury office an unusually colored duck egg. The color was taupe and was a curiosity.

SPEEDING SOME!

A warrant for Charles Anderson, of Mason county, issued at the instance of Patrolman Geo. W. Judy, was sent to Maysville for service. Anderson was charged with violating the speed laws. The officer wired the office of Commissioner of Auto Vehicles at Frankfort and learned the name of the speeder. And there's an opportunity to get a few at home who are also given to "burning the atmosphere."

THINGS TO WORRY ABOUT

A citizen of Paris, who had just emerged from a baptism of dust, thrown up by the tires of a "fast-flying Virginian" in the shape of an auto, remarked, sotto voce:

"Darned if I don't wish some inventive genius could devise some kind of sprinkling apparatus that could be attached to the rear of these autos. Why, I was completely lost in the dust cloud after that big machine whizzed past me. In fact, I was afraid to move until the daylight came through again!"

WILL STORE LIMESTONE.

The farmers of Daviess County are buying a large amount of ground limestone for use this season. In January 1918 tons were delivered and more would have been bought if storage of some kind had been available. The co-operation of the Webster Stone Co., and several of the

local coal companies solved the problem for the farmers. One of the coal companies will handle ground limestone at 43 cents per ton. This makes the price to the farmer from the shed at the railroad \$3.10 per ton. He can, however, take a load of limestone home at any time he is homeward bound with an empty wagon.

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs. This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD MEDAL Haarlem Oil has been relieving the weaknesses and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Haarlem Oil is enclosed in odorless, tasteless capsules containing about 5 drops each. Take them as you would a pill, with a small

swallow of water. The oil stimulates the kidney action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL Haarlem Oil Capsules will keep you in health and vigor and prevent a return of the disease. Do not wait until old age or disease have settled down for good. Go to your druggist and get a box of GOLD MEDAL Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD MEDAL brand. In sealed packages.

GOVERNMENT ASKED TO STABILIZE WOOL PRICES.

WASHINGTON, April 3.—To protect American wool growers until the present clip has been disposed of, Senator King, of Utah, was asked Bernard Baruch, former Chairman of the War Industries Board, who now is serving in an advisory capacity with the American Peace Commission, to take up with the British Government the question of temporarily stabilizing wool prices among the allied governments.

Great Britain is said to have several billion pounds of wool available and Senator King desires perfection of some agreement to prevent this wool from being thrown upon the market at one time or in such quantities as to cause a depression of prices.

The War Department last January agreed to withdraw from the market all stocks of wool from July 1 until November to enable growers to dispose of their present clip.

IF I WERE A FARMER

If I were a farmer I would keep at hand a few reliable medicines for minor ailments that are not so serious as to require the attention of a physician, such as Chamberlain's Colic and Diarrhoea Remedy for bowel complaints.

Chamberlain's Liniment for sprains and bruises and rheumatic pains. Chamberlain's Tablets for stomach troubles, biliousness and constipation.

By having these articles at hand it would often save the trouble of a trip to town in the busiest season or in the night, and would enable me to treat slight ailments as soon as they appear, and thereby avoid the more serious diseases that so often follow.

IN MISERY FOR YEARS

Oskaloosa, Iowa.—"For years I was simply in misery from a weakness and

awful pains—and nothing seemed to do me any good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and got relief right away. I can certainly recommend this valuable medicine to other women who suffer, for it has done such good

work for me and I know it will help others if they will give it a fair trial."—Mrs. LIZZIE COURTNEY, 108 8th Ave., West, Oskaloosa, Iowa.

Why will women drag along from day to day, year in and year out, suffering such misery as did Mrs. Courtney, when such letters as this are continually being published. Every woman who suffers from displacements, irregularities, inflammation, ulceration, backache, nervousness, or who is passing through the Change of Life should give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

"RAINBOW SOLDIERS" WANTED FOR LOAN CAMPAIGN.

Secretary Glass has asked Secretary Baker whether it would be possible to move forward the date of the return of the 42d (Rainbow Division) from April 26, the scheduled embarkation date, so that the troops might parade in the United States during the Liberty Loan campaign.

Secretary Baker took Mr. Glass' request under advisement. Many practical questions, it was explained, are involved in changing the order of return of divisions from overseas as established by General Pershing and plans for their reception in this country.

A study of the difficulties on this side will be necessary and if it is found possible to make the change it is assumed that Mr. Baker will then transmit the proposal to General Pershing for consideration. It may be some days before a final answer to Secretary Glass' request can be made.

TOLEDO MAYOR REFUSES TO ALLOW DEBS SPEECH.

TOLEDO, O., April 1.—Eugene Debs, under sentence to serve ten years in Federal prison for violation of the espionage act, and whose sentence was recently upheld by the United States Supreme Court, was barred by Mayor Cornell Schreiber from making a public address here Sunday in Memorial Hall, a building owned by the city.

Debs' speeches in the past from the same platform have caused the Rotary Club and other civic organizations to denounce the city administration. It was said at that time that the city would not prohibit the Debs meetings because his appeal to the Supreme Court was pending.

Mayor Schreiber's statement said the city now feels justified in barring the Socialist from a municipal building, inasmuch as his conviction has been confirmed, and that he will not be permitted to speak there at any future time.

ABANDONED WESTERN OIL FIELDS FOR RICHER PROMISE IN ZINC ORE

Organization of the Louisville Mansfield Zinc & Lead Syndicate Reveals Business Romance

Dr. T. T. Beeler, Dentist, Then Oil Magnate, Sold Interest in 157 Wells for Bigger Prospects.

Louisville, Ky.—How a business romance, blossoming in the bosom of Mother Earth, led the way to a dream of affluence that is fast materializing, is brought out in the organization here of the Louisville Lead & Zinc Syndicate Company, a corporation the stock of which rapidly is becoming the property of the public. That it is not a romance of the oil fields will be a matter of surprise to those who look largely to the oil well as the fountain of business romance.

Formation of the Louisville Mansfield Lead & Zinc Syndicate follows closely upon organization of the Kentucky Mansfield Lead & Zinc Syndicate, a corporation already on an operating and dividend-paying basis, but the romance goes back eleven years to the oil fields of the west and to a dentist's chair in a small Oklahoma town.

Dr. T. T. Beeler.

In a suite of offices in the Starks Building a small keen-eyed man, trying to make every minute yield its quota of result of an atmosphere of high pressure, knows all about the romance, for he had lived it. He is Dr. T. T. Beeler, vice president of the new LOUISVILLE MANSFIELD LEAD & ZINC SYNDICATE. He is the man who, eleven years ago, while a practicing dentist in an Oklahoma town, became interested in western oil development. With holdings in 157 oil wells after he had become successful in that game, Dr. Beeler had wide opportunities to observe the possibilities and exigencies of that business, or game, as it may rightly be called. He saw men carried up into the realm of sudden riches; he saw hopes fulfilled beyond their own limits. But he saw the other side, too, of the oil game—its uncertainty, and the ruin that this uncertainty brought to some.

One day Dr. Beeler heard about the strike made in the famous Joplin zinc ore district. He began studying the possibilities of the new found opportunity. He reflected that in the oil business, when a well was drilled, no mortal could with certainty tell which of four things would be the result—oil, water, gas or a hole in the ground. He reflected that an oil well, drilled from 1,100 to 3,300 feet in the ground, cost from \$5,000 to \$30,000 before its real promise was known. And then he compared this with data he had gathered about the mining industry, in which nature's store of wealth lies comparatively close to the surface and covers great areas, necessitating, in proportion, a small initial outlay. He applied this comparison particularly to what he had heard about the Joplin-Mansfield fields.

Dr. Beeler was not long in making up his mind. It was two years ago in Kansas City that the project, which is now being carried to every state in the Union, had its inception. Dr. Beeler had selected a partner, severed his connections with the oil fields, and had employed an agent, versed in the technique of such an undertaking, to investigate opportunities in the Joplin district.

But it was by chance that the real opportunity was found. One day, when Dr. Beeler's emissary was fruitlessly bickering with people in the field to which prospectors were already swarming, an old man called him aside.

"If you want to see an unworked locality, I want to show you something," said the old man.

As the result of the investigation and assaying which followed, Dr. Beeler, his partner and several notaries, in all of the public automobiles the nearby town afforded, set out in the late afternoon in what is now the Mansfield district. The chauffeurs and the notaries and all others with whom the party came in contact were bound to secrecy. There were neither automobiles nor notaries available for other possible prospectors.

That was October 16, 1917. In a day or so, the prospectors had secured leases on 18,000 acres of land rich in ore, and had laid the foundation of the project which is now becoming na-

Stock Now \$1.00

¶ We're away over the \$200,000 mark! We've received checks for stock from States as distant as New York and Texas! ¶ Investors are judging the value of the stock of the Louisville Mansfield Lead and Zinc Company by the record of the Kentucky Mansfield Lead and Zinc Syndicate. That company, already in operation, paid a monthly dividend of 2% in January and 3% in February. The officers and directors of both companies are chiefly the same gentlemen and the newer company has been organized to do just what the other is doing but on a larger scale. ¶ Its holdings are greater, consisting of four tracts of 40 acres each in the Mansfield District, right where the Mother Lode of the great Ozark Lead and Zinc fields comes nearest the surface. We've proven our holdings by drilling. We're already sinking the first shaft for our first mill!

tion-wide. They knew that by taking the ore from slight excavations at given points over a given area, that the findings of an expert assayer-geologist would give them the exact extent of wealth which the establishment of mills would produce. Unlike the mere promise of an oil well, the potentialities of a zinc field could be scientifically established. Their reports were secured from A. Arnold, State geologist of Missouri, and Joseph Metcalfe, a London mineralogist and engineer, and showed that tests had proved the expectations of the prospectors.

These geological reports bear out to a large extent a theory which later became current as to the origin of the rich mineral products around Mansfield, Mo. According to this theory, Mansfield, one of the highest points in the district, is the site of a pre-historic volcano. The purest ore is found closest to this center, while the adulterated deposits are found as the distance becomes greater.

Once he had secured rights to the land, Dr. Beeler's plan became known and soon the district was a bee hive of fortune-hunters. But all of the promising land in the vicinity had been leased by Dr. Beeler and his associates and they were ready to launch their project.

Their scheme of operation calls ultimately for the organization of local companies in each of the forty-five states. Each of these corporations will be granted concessions around the reserved portion of the leases which the parent corporation will hold and which will be enhanced in value with the growing activity surrounding it.

The Kentucky Mansfield Lead & Zinc Syndicate was incorporated June 13, 1918. Its capital stock of \$100,000 was quickly sold out. On November 1 it bought its first mill, which soon began operations on the ground, and on February 1 a 2% dividend for January was paid stockholders, following which was paid a 3% dividend for February.

The Kentucky syndicate is made up almost entirely of Kentucky men. Dr. T. M. Crutcher, of Louisville, head of the Louisville Dental Laboratory, is

president, and N. C. Cureton is secretary. W. E. Newbold, of Louisville, is treasurer. Edward J. McDermott, of Louisville, is the corporation's attorney. Dr. Beeler is one of the directors, as is also Dr. Charles A. Funk.

The officers of the LOUISVILLE MANSFIELD LEAD & ZINC SYNDICATE, which was formed February 21, 1918, are the same as those of the Kentucky syndicate except that Dr. Beeler is vice president and J. C. Mahon, well known Louisville business man, is a director. Over half of the capital stock of \$500,000 already has been sold. Offices of the company are at 409 Starks Bldg., Louisville.

The stock is being put out at \$1.00 (par value) per share.

The company's property is in the heart of the Ozark Mountains, Wright County, Mo. One forty-acre tract is located between two mills, those of the Kentucky syndicate, known as the "Pioneer Mill," and of W. E. Caldwell, of Louisville, known as the "Red-bird Mill." This tract is considered one of the best in the district although three other forty-acre tracts are well located and partly tested.

So, as the new LOUISVILLE MANSFIELD LEAD & ZINC SYNDICATE starts its wheels a-whirling, the business romance of the poor dentist is carried farther along its way to the pocket-books and bank accounts of shrewd investors the country over.

The announcement that Carranza has taken steps to curb the Bolsheviks is interesting as indicating that a Bolshevik will even associate with a Mexican trouble-maker.

"HIS HAT IN THE RING" SAYS TEDDY, JUNIOR.

Lieutenant Colonel Theodore Roosevelt, who has been discussed by Republican party leaders in New York, as a possible candidate for President of the Board of Aldermen next fall, has announced that he intended to follow the footsteps of his father and enter politics.

He declined to state, however, whether the aldermanic berth would prove acceptable to him in case he received a formal invitation to run for that office. He added that he was announcing his "hat in the ring" only because he intended to retire from business and considered some explanation necessary.

Lieutenant Colonel Roosevelt, who has been associated with a Wall Street banking company since his discharge from military service, said he believed in the principles advocated by his father. He also declared he believed in universal military service.

SOLDIER BOYS WANT MORE READING MATTER.

General Pershing has cabled a call for more reading matter for the soldiers overseas. He says it is needed now more than ever. Transmitting the call to its division and chapters, the American Red Cross called attention to the fact that the one cent pasted upon the cover will take it to any member of the expeditionary force, although some publishers recently have dropped the notice to that effect carried by most periodicals in the upper right hand corner of their first pages.

NEW LIBERTY LOAN HEAD MAKING GOOD SHOWING.

Richard T. Anderson, of Lexington, has been appointed Chairman of the Lexington Area committee to succeed J. W. Stoll, who has been forced by ill health to resign the position.

Anderson's appointment by Chairman D. C. Willis, of the Central Committee, followed the unanimous petition of Lexington bankers, and many from throughout the area.

These fifty-six Kentucky counties have made a splendid showing under the leadership of Mr. Stoll during the past four loans, and will undoubtedly continue to make their organization proud of them. In the Fourth Loan campaign, three out of four of the "first over the line" counties lay within that area.

The new chairman sent out a call

immediately on receiving the notice of his appointment to every county chairman of his fifty-six, urging early and energetic action in the pre-campaign work and offering him most hearty co-operation at every possible point.

When all of labor's uplift dreams come true nobody but the boss will work and he will get nothing out of it.
